“ I graduated in 1962, a year ahead of Camilla. The night of my graduation several of we girls cried our eyes out because we were leaving each other. Camilla and I lost track and didn't see each other for several years. Imagine our surprise when I was working in Head Start and found Camilla was our support person in USDA. We shared a lot of laughter and phone calls for several years. Last month I was thinking about her and wanted to get in touch. I was shocked to learn she had passed. It is with great sorrow that I will never be able to talk with Camilla again. I am so sorry for your family's loss. She was a wonderful person and I have great memories. “ Time was when we were girls in a little community where everyone knew everyone else. We grew up sharing memories of a church, a school, and neighbors. My life is scattered with memories of Eberwein's. Did not know we were cousins until I was older. And thus, we shared family. Each loss leaves a space for memories to fill. I know your memories are many. May these blessings always bring a smile to your faces and love to fill your hearts.
