“ I am saddened to learn of Dan's death and regret I lost track of him after he left Grant Hospital. While at Grant, he led a group of central Ohio hospital facility directors who collaborated on common issues. He would have been pleased to know that, after perhaps 20 after of inactivity, the Columbus hospitals have again been meeting in the same collaborative manner as in his Grant hospital days. I think I still have a Grant hospital pen that he gave me. He was a very kind person that I have never forgotten and will fondly remember during the remainder of my life.
