“ Doris and I always loved watching our morning game shows and our daily Soap Operas. She loved her Friday hair appointments, they always made her feel like a brand new woman. I've known Doris now since 2013 and have helped care for her the past four years. She wasn't just a patient to care for, she was family. Doris was always a sweet soul and she will be greatly missed.

“ In the short time I cared for her, I quickly came to love her and looked forward to seeing her. She had a wonderful smile and was always kind. She would say the funniest things sometimes and we would just sit there and laugh. She had an ornery side too, especially when she would try to hide her pills from me! I will really miss her but I know she is in heaven, pain free and with her loved ones. She was an angel on earth and now one in heaven. Brenda Luckhart

“ What an honor and privilege to have grown up around "Aunt" Doris... I have many fond memories of her visiting Grandma Gallup with "Aunt" Merle in Genoa as a kid... This transitioned into visiting her later in life as an adult, at her home in Blacklick. We always enjoyed driving down to visit, and having lunch and catching up on the family news.. She was truly a great person and role model to all. Rick and Bobby were blessed to have her as a mother. I hope her memories bring smiles to the faces of the people that she touched. She's with Robert now, rest in peace Aunt Doris.... we miss you.

“ What an honor to be able to spend such precious time with my sweet Doris. I never kept track of how many peanut and jelly sandwiches we shared. I bet you could have arrived at 3 AM and if she happened to be hungry she would have wanted peanut and jelly!! We had such good talks together and I will cherish those moments. When she arrived in heaven I know God must have said "wow, here is really one of the great ones" Rest in peace, Sweet Doris. Judy Mohr

“ I am really going to miss Doris she was such a sweet, kind person! Always positive, and thankful. She was always complimenting something be it a pair of shoes or the way your hair was styled! We shared a love for animals and would watch animal shows together or talk about animals. I'm really going to miss her she became such a great friend.

“ Our thoughts go out to Rick and his family during this tough time. I had no idea that she served on the Jefferson Park Board. Her life's work around the Gahanna-Blacklick area has certainly made it a better place to live!
