

## Jason Robert Peters

July 29, 1980 - August 14, 2020

Jason Robert Peters, the loving son of Robert J. and Carol M. Peters, passed away on Friday, August 14, 2020. Jason was born in Providence, Rhode Island and was the only son of Robert and Carol. Jason was the joy of their life. Jason had the biggest personality and he never met a person that he didn't end up being friends with. When Jason entered the room, everyone knew it, not only because of his large stature but because of his large, radiant, beautiful smile and larger than life, wonderful personality.

Family was very important to Jason. There was not a day that passed by that he didn't talk to either his Mom or Dad. Many times he would just stop over so that he could visit. Both Bob and Carol loved and cherished every visit! They had such happy times when everyone was together. He loved to eat and really enjoyed going to Mom's for whatever she was cooking (she was usually cooking his favorite!) Jason's Dad was his best friend, who he dearly loved. He was a huge Boston sports fan and loved to watch the New England Patriots every Sunday with his Dad.

Jason was a big fan of all types of music. He loved going to all kinds of concerts, usually with his Mom as his date for a fun evening. Recently, Jason was having a conversation with Carol and he said to her, "I've always had a "Carol" and that's you, my MOM!" He then sealed that with the Biggest Kiss and Hug! This conversation will forever be in Carol's heart!

Jason was a 1999 graduate of Bishop Watterson High School, Columbus, Ohio and also attended Ohio University.

Due to the Covid-19 health situation, there will not be a formal service for Jason at this time. There may be a Celebration of Life, held at a later, to be determined time.

“ Bob and Carol, I worked with Jason at Nissan North for almost 7 years. I'm sure you'd remember me if you saw me. Words can't describe how sorry I am for your loss. I wanted to share something that I hope brings you joy.

Every year we had our fantasy football draft over at a work colleagues. Every year I brought my son Luka, for years! Not a year went by where Luka (my son) didn't ask me the morning if the draft "hey dad, will JP be there? I wanna bring my football so we can throw". Jason loved throwing the ball with him. That was just the kind of person he was. You raised one hell of a man, I'm telling ya!  
I know none of this make it easier, but I do hope it made you smile. We will all mourn him to we join him, that's for sure.

“ Carol & Bob...I am so very sorry for your pain that you are feeling with the loss of Jason. That will get easier with time but the the emptiness that you are feeling will be with you always because you loved him with your whole heart. He has taken a piece of that with him to remember you. In turn, you fill your broken heart by keeping his memory alive in any way you choose...and forever in your heart he will live on. Love and hugs to you both. May you find comfort in each other, your family and friends.

“ Bob and Carol: It has taken me a long time since I first received that initial call to try to make sense of all of this, and attempt to tell you something that can bring you some kind of comfort through all of this. I can't imagine what you are going through right now, and I am soo sorry for your loss of Jason. He was my best friend at OU and I am so happy that we were able to keep in touch and see each after college as well. I can go on and on about amazing stories with Jason, and everytime I think of them, it brings a smile to my face. Jason was such a genuine guy, what you see is what you get. He was the most loyal friend I ever met. His legacy will live on through all of the people's lives he touched throughout his 40 years. I have so many fond memories with Jason that I will forever hold dear to my heart. Please call anytime you ever want to talk. Our family will always keep you in our prayers. God bless you. Love Matt

“ I'm so sorry for your loss, Carol and Bob. I haven't seen Jason in about 30 years, but to this day still bring up stories from when we were kids living across the street from one another in conversations with friends and family. This is how much of an impact he had in my own life for the few years we knew each other. Though we had lost touch I had always hoped to reconnect someday, and am saddened that this is no longer possible. I cannot begin to imagine what you are feeling, please accept my deepest sympathies to you and your family. Jason will be missed.

“ I'm so sorry Carol. My sympathies to you and your family. I remember you coming to visit at my Mom's house when Jason was a few months old and I had Brian in my arms. It was so nice to talk to you about our kids and how you were so proud of Jason. The man he had become and how much he made you smile!! Remember the good times. ---Linda Hammerschmidt Shaw.

“ My deepest sympathies to Bob and Carol on the loss of your son Jason. I only knew him from him coming to the Submarine House and Yogi's for the Patriot games. He always made me laugh because after I had to shift him to one side when he blocked my view once, he always made a point to stand his tall self in front of me every time he saw me. I will miss the high fives from such a nice guy who was also a great Pat's fan. A win win in my book. Our boys will play hard this season for you Jason. Hoping for a 7th ring in your honor.

“ There are no words that could truly comfort you both in the loss of your only son Jason. Tears stream down my face because I know this to be true and I wish there was something I could say to ease your pain today and for all the difficult days that lay ahead. I do know that the pain does ease over time and if you believe, as I do, He will send you signs.

It is true, he lit up a room. I never laughed so hard as the time I spent with him and other cousins having pizza at downtown Norton when you guys came to visit. But look at the quality parents he has. I say has and not had because he lives forever within you and everyone he touched.

We are all made of energy. This is a scientific fact. Energy can neither be created nor destroyed. His energy lives on and is still around you both. I also know he's in damn good company with a few greats that have passed before him.

I love and respect you both so much. Wish I could put my arms around you and hold for as long as you needed.

You are in my thoughts and prayers every day. I Love You
