“ My first memory of Sue was one of my best. She got to be a nurse and I got to be cared for. I slit my finger and she prepared me for the emergency room. It was my first date with Julie. It was the first of many wonderful memories. Her loss is very personal to me. I've been missing you for awhile, Sue. Thanks for takin care of me.

“ My sister was such a kind and caring person. Our family would love going to visit her family. Soon after we got there she would sit us visitors all down and ask each one of us what we would like to do during this visit. She would make a list of everything, even the most outlandish requests were included. She would then proceed to try to make that entire list a reality. What fun we had!

When mom and I visited alone she always had something planned that we would enjoy, like going to the Columbus outdoor garden show, or taking our annual leaf drive down 315.

I miss her collecting and sending me a box of “lucky Buckeyes” from OSU campus every fall. I think I know where where the trees were, and some fall, if I can find my way around campus, I may collect some too for old times sake.

I miss sharing family thanksgivings, chats on the phone, taking care of our mom together, but most of all I miss my loving and caring sister.

Love, Julie

“ Andy, Dr. Burns and Jenny-

I am so sorry for your loss. Mrs. Burns was one of a kind! Her smile lit up the room. So many memories together....Hot chocolate after sledding, taking Jenny all over to play tennis, and our trips to Colorado to ski. I am in Montana and am unable to attend the service. Please know that you all are in my thoughts and prayers.
