“ Tricia, Travis, Bryce, and Brady:  
We are so very sorry to hear of your loss. Our families are so very much alike with three boys. Your family is so amazing, we always remarked how we could see such great qualities of Todd and Tricia in especially Bryce and Brady whom we knew so well from those many baseball games over the years. I recall with a smile how I enjoyed taking the short stroll out to chat with Todd hunkered down in his "spot" down the foul line on the baseball field, from time to time. We wanted to let you know we are missing him and thinking of you.

God bless him and all of you,  
Bill, Kristie, Joe, Jack, and Pete Blum

“ Dear Trish and family - I was very sad to hear about Todd's passing, and wish to express my sincere condolences to you, your children, and family. I had the pleasure of getting to know Todd during my ER time with Ohio EPA. It was always fun talking with Todd.

It was also great to meet up with you and Todd at Menches for dinner prior to your son's high school football game this fall. I had a really good time and it was super nice to meet Todd and yourself in person.

My thoughts are with you and your family. With heartfelt sympathy, Larry Antonelli.

“ Though I hadn't seen him in years, Todd popped into my thoughts a bit recently. I worked with Todd back in my early years at the agency. He was always cheerful and told funny stories. The most fun period of my career was when we were all at Watermark and the Duty Room (supervised by Tim Hlckin) was just a few steps away.

“ God was such a kind person. I cannot remember a football, basketball, or baseball game that Todd was not at. And if, for some reason I couldn't make it, he would let me know how it went the next time he saw me!

“ Todd trained me for night duty and I helped out in the duty room from time to time. He always had a crazy story to share or a joke to tell. He was just one of those people who knew something about everything and you could talk to him about anything, he just made you feel welcome the minute you walked through the door. I'm very fortunate I got to know Todd, and feel greatly for his wife and boys at this time.

“ Every time I visited Central Office at OEPA, I made sure to visit the "Bat Cave" to catch up with Todd and Greg. Todd always had an entertaining story or at least had a knack at making it interesting.

I was also very excited when Todd, Trish and Travis joined the OEPA golf league so I would get more opportunities to see them. Todd will definitely be missed.

Our thoughts and prayers are with Trish and the boys at this difficult time.

“ We will miss you Todd! I loved visiting Todd in the duty room in DERR. We called it The Bat Cave! I knew Trish from CDO on Roberts Road, when she worked in Debbie Strayton's section. I was happy to see Trish and Todd get married! I came to know Todd from Randy Sheldon who was in CDO and was good friends with Todd. Todd was fun and engaging, and he told great stories! Todd was also generous--he gave us our front door! The Bulinski Family's thoughts and prayers are with Trish and their sons at this difficult time. God Bless You and Yours, Always and Forever

“ It is terrible that Todd has left us so soon, and I lift prayers for his family. Whereas Todd will be missed, he will live long in my memory for the character he was. Todd and I were on the football and wrestling teams together. Wrestling never got Todd's full attention as it filled the gap between football and baseball seasons, his favorite sports. On the football field he was a fierce competitor and played well beyond his size. RIP to the Honster.

“ Todd was a Duty Officer when I was an emergency responder for Ohio EPA. Todd sent me out on quite a few spills and complaints (sometimes in the middle of the night). He was always calm and professional with a little humor sprinkled in just for fun. He served Ohio EPA well and will be remembered well. Peace and love to the family and friends he leaves behind.

“ Todd was an intern for me in his first job at EPA. After that our paths didn't cross as much, but I missed seeing him around. He gave us two oak tree starters, one survived. I've thought of it as Todd's tree, a testament to who he was. Randy Sheldon called him "Toddy" and I got a kick out of that. You are blessed to have had him in your life.
