“ Dr. Cardwell well was my dentist for the past 8 years.I would always be nervous when it was time for me to get the novicane shots to numb my gums, but he was so quick and gentle, I didn't even realize he had shot me. I will miss you Dr. Cardwell. Thank you for your professionalism.

“ I am saddened to here this news. He was my dentist for the past 5 years. He would sit and tell my husband and I stories too. Whenever I would go I would ask him how he was because I know how much he missed his wife. Now who am I going to find to numb me up without feeling the needle?

Godspeed Dr. Cardwell
